

Connecticut Architecture Foundation

2018 ANNUAL APPEAL

2018 GOAL

This year marks the 40th anniversary of the Connecticut Architecture Foundation (CAF), a non-profit that encourages public understanding and community involvement in the creation and protection of our built environment.

All the funding from CAF comes from donations and bequests from individuals and firms - your colleagues.

Help us further the initiatives and support the great work the CAF is doing by responding with a gift to the Foundation's appeal!
